Forecast For West Midlands
Issued by Met Office Exeter
at 0400 on Saturday 08 May 2021

++ Valid for broadcast between 0600 and 1800

Headline:
A wet and windy day.

Today:
A wet and windy day. Widespread rain throughout, heaviest and most persistent in the morning, gradually becoming lighter and patchy from the south later. Winds also remain strong and gusty. Maximum temperature 15 deg C (59 deg F).

Tonight:
Rain continues to become lighter throughout the evening, with lengthy dry spells in the south and east of the region. Elsewhere, patchy rain lingers on. Remaining breezy. Minimum temperature 10 deg C (50 deg F).

Sunday:
A mild and wet start as band of rain clears through the morning. A drier day thereafter, with bright spells and the chance of a few showers. Maximum temperature 18 deg C (64 deg F).

Outlook for Monday to Wednesday:
Nights become milder but remaining breezy and unsettled with sunny spells and showers throughout, perhaps merging into longer spells of rain at times. Rather chilly again by day.
